| Direct Connection <input type="checkbox"/> | Local: <input type="checkbox"/> | Proprietary System: <input type="checkbox"/> |

Failure to provide any necessary information may result in delay of the review process or rejection of your application.

Failure to obtain a valid permit prior to working on a system will result in a doubling of your permit fees and a stop work order issued on the job.
 A complete set of plans must be at the job site during construction and prior to scheduling your final inspection.

Please allow a minimum of three weeks for Bellevue Fire Department review process.

I understand that all applicable codes apply. Errors and or omissions on the plans and corrections from field inspections is the responsibility of the owner/contractor. All work is subject to the compliance with Village of Bellevue ordinances and NFPA-13. (Reference Village website) www.villageofbellevue.org click on municipal codes then chapter 237
