

For Immediate Release

DECLARATION OF SNOW EMERGENCY.

Per State Statute 166.03(4) and the Village Ordinance, the Village of Bellevue hereby declares a snow emergency. During such period of declared snow removal emergency, no person shall cause nor allow the parking or standing of any vehicle, trailer, or semitrailer, except emergency vehicles, upon any Village Street until after the declaration has ended. The Police Department may tow away any motor vehicle, trailer, or semitrailer found violating this declaration at the owner's expense.

Said declaration shall take effect at 5 a.m. Tuesday, January 9, 2024 and remain effective until 6 a.m. Wednesday, January 10, 2024.

During Bellevue's snow emergency period, the following restrictions apply:

1. No vehicle can park on any street until the snow emergency has expired
2. Overnight on-street parking will not be granted
3. Vehicles found parking on-street during the snow emergency will be tagged, ticketed and towed at the owner's expense

All Village of Bellevue residents and property owners must follow these snow emergency restrictions so they don't receive citations and the Village can clear roads safely and efficiently.

Because of this winter event and extreme conditions, residents are urged to travel only if necessary. Reduced traffic contributes to motorist safety and allows the Village to do its most effective job of clearing streets. The Village of Bellevue Public Works Department thanks everyone for their understanding and support on this issue.

Residents are also reminded to remove trash and recycling carts from the street in a timely manner. Unless directed at a future time, all trash and recycling operations are scheduled for the normal pick-up dates.

Residents are advised that travel may be highly hazardous and should only travel in case of emergency. For further information, call (920) 468-5225 or visit the Village website.
